

Welcome to The Nursery Stock Market

Your Guide to Becoming a Wholesale Partner
and Accessing Our Customer Portal.

Unlock Access to Our Unparalleled Inventory

The first step to partnership is establishing a credit line. This simple process gives you full access to our online customer portal and one of the largest inventories of nursery stock in the United States.

The Path to Our Portal: Three Key Steps

In order for us to begin serving your procurement needs, we need to complete the following:

1. Submit a credit application

This is the essential first step to establish your account. (This presentation will guide you through the 'By Mail' option.)

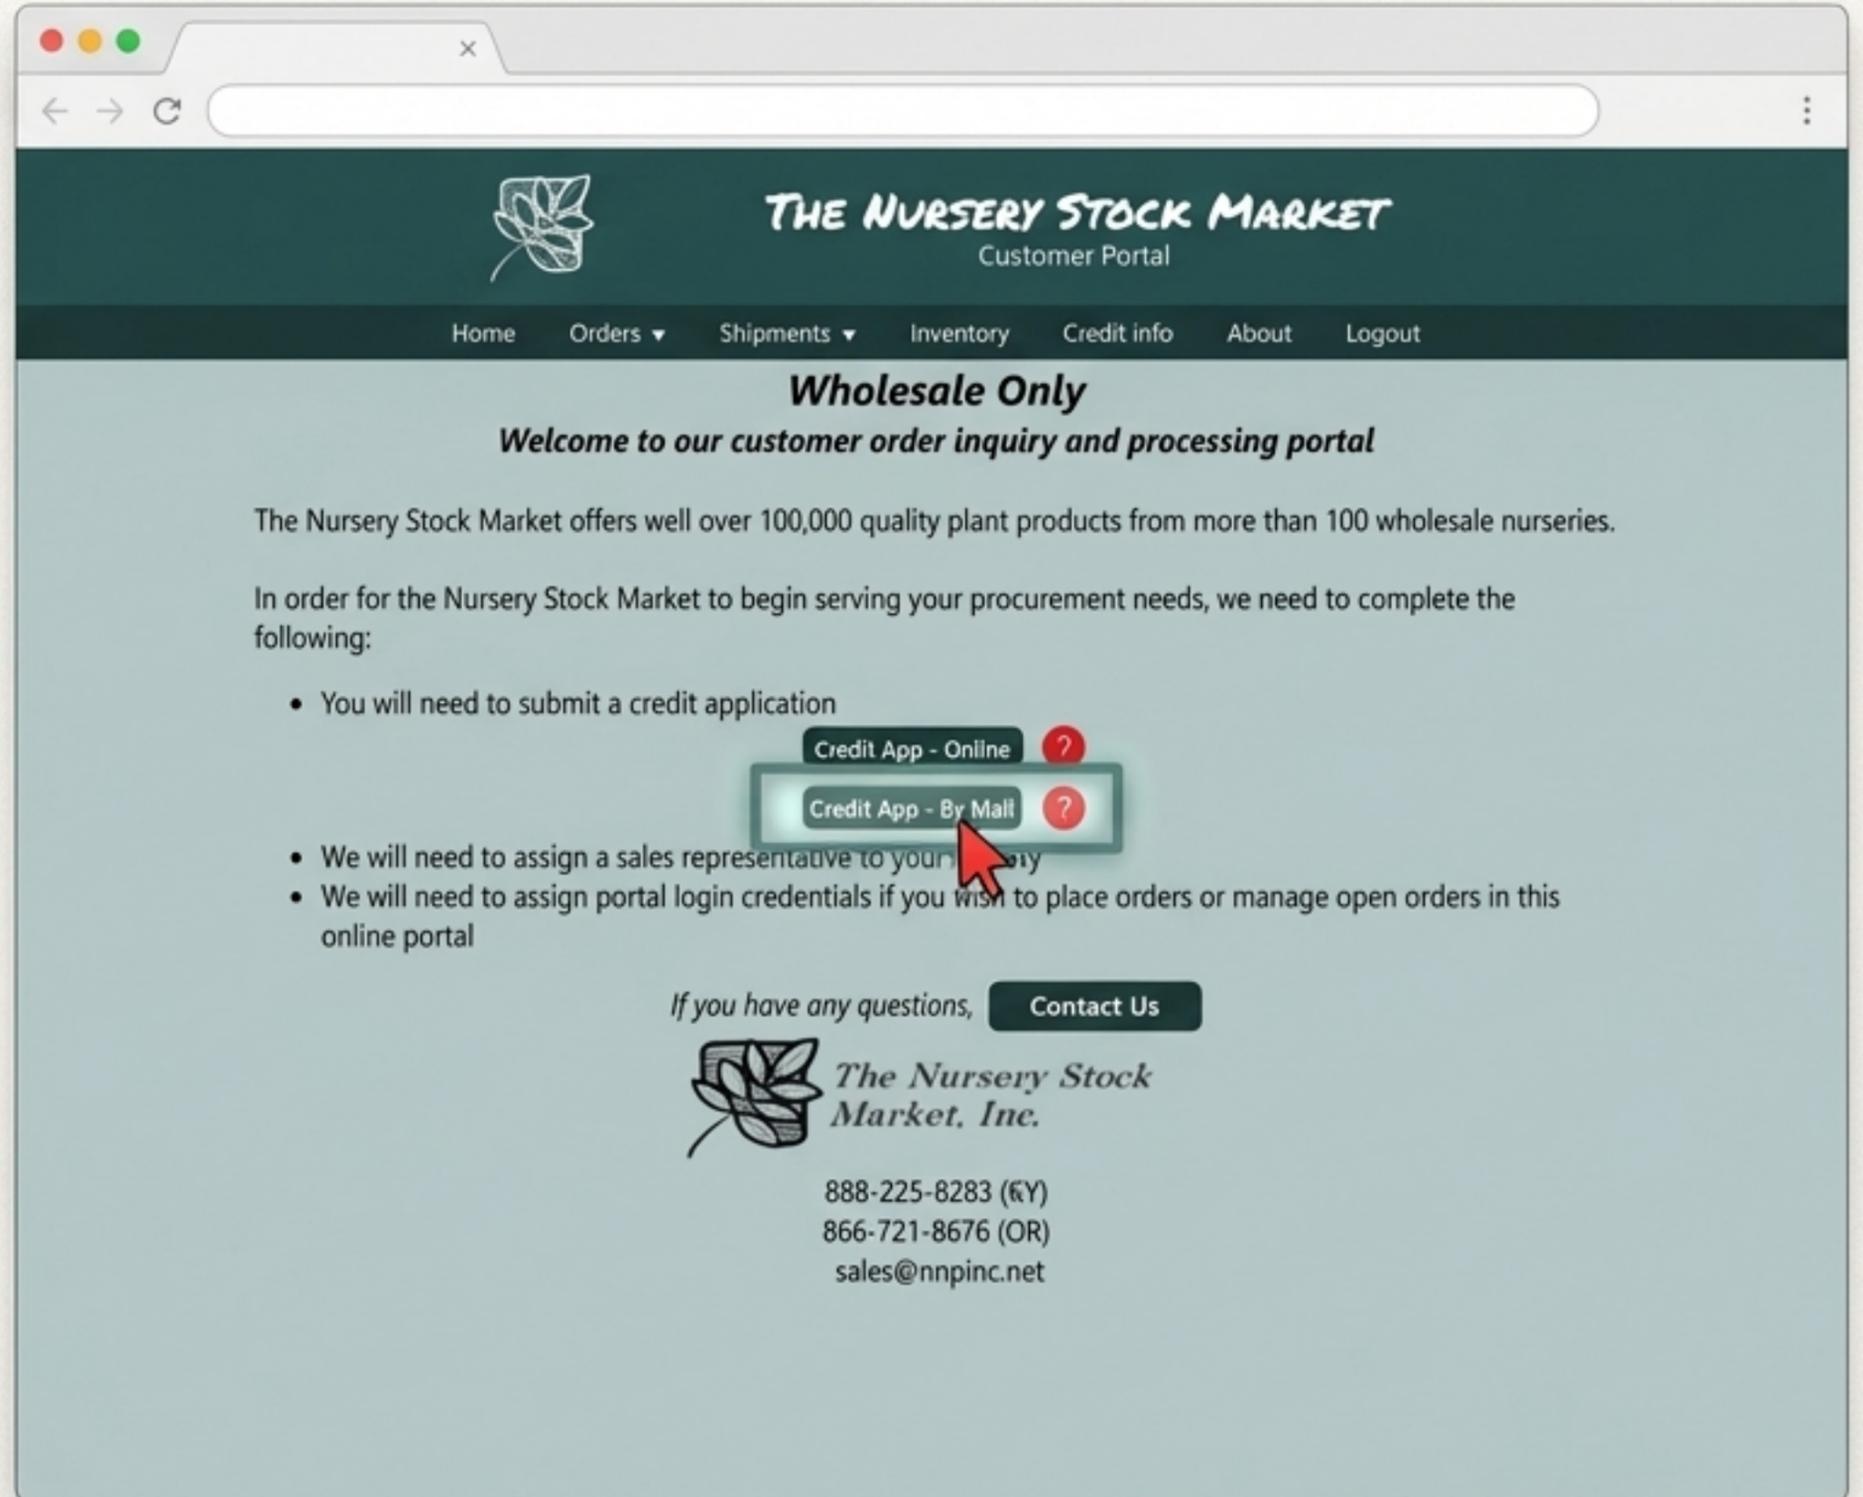

2. We will assign a sales representative: You'll have a dedicated partner for your nursery.

3. We will assign portal login credentials: This unlocks online ordering and management tools.

Step 1: Select the “Credit App - By Mail” Option

From our Customer Portal homepage, locate the section for submitting a credit application. Click the button labeled "Credit App - By Mail" to download the application form.

The screenshot shows a web browser window displaying the 'THE NURSERY STOCK MARKET Customer Portal'. The navigation menu includes Home, Orders, Shipments, Inventory, Credit info, About, and Logout. The main content area is titled 'Wholesale Only' and welcomes customers to the order inquiry and processing portal. It states that the market offers over 100,000 quality plant products from more than 100 wholesale nurseries. A list of requirements for service is provided, including submitting a credit application, assigning a sales representative, and providing login credentials. Two buttons, 'Credit App - Online' and 'Credit App - By Mail', are shown with red question marks. A red mouse cursor is pointing at the 'Credit App - By Mail' button, which is highlighted with a green box. Below the list, there is a 'Contact Us' button and contact information for The Nursery Stock Market, Inc., including phone numbers for KY and OR, and an email address.
